B.E.R.A. DANCE

BERA's June dance will be different. This isn't a very startling announcement but lets look at the facts and forget all the ballyhoo.

The dance will be different because ...

You'll dance on a large smoothly polished dance floor - not a micro-floor covered with feet dancing on yours.

Different because ...

The decorations will be fresh and gay, making the gym cool and airy - you won't be in a warm, smoke-filled "Suffolk night-club."

Different because ...

You won't find a noisy pick-up band - but a well organized group whose music is plenty danceable.

Different because ...

You won't be squeezed into booths - instead there will be ample leg room around the tables. You can even move your tables together to join your friends.

Different because ...

Prices are as low as we can make them - we aren't out to make a big profit, but we do want to meet expenses and have a little over to help support other BERA activities.

These are the reasons why we think the June dance will be different. We want it to be an evening of fun where everyone is relaxed and friendly.

Get together with your friends and let's be at the gym on Friday, June 20 at 9:00 p.m.
